

“Bullying & Harassment in the Aboriginal Workplace”

A workshop by C. Kilfoil

(This is a one-day course.)

COURSE DESCRIPTION

This course is a modified version of my ***“Bullying and Harassment in the Workplace”*** course that I designed in consultation with an Aboriginal Elder. I co-facilitated it with him as a pilot project and have since provided the course to several bands and tribal organizations in B.C. and the Yukon.

It is currently being modified and will be a one-day course.

Please refer to ***“Bullying and Harassment in the Workplace”*** course description and learning outcomes and feel free to contact me for more information.
